SUMMARY

First-year IT student focused on offensive security, with 30+ published Hack The Box machine writeups covering service enumeration, web exploitation, and Linux privilege escalation. Ranked #820 globally on Hack The Box and currently working through the CPTS pathway. Seeking a cybersecurity internship to apply hands-on penetration testing skills in an authorized, professional setting.

SECURITY RESEARCH

Hack The Box – Penetration Testing Practice

Jan 2026 – Present

Self-directed

- Authored **30+** **technical writeups** of Hack The Box machines documenting enumeration, exploitation chains, and privilege escalation, published at loxcalthost.netlify.app.
- Rooted **27 machines** (15 Easy, 12 Medium), covering known-CVE exploitation (Craft CMS, Gitea, Langflow), insecure deserialization (Python pickle), container and Kubernetes attack paths, AI/ML tooling (MLflow, Flowise), and Linux privilege escalation (PAM misconfiguration, Looney Tunables).
- Completed **10 modules** of the CPTS pathway, covering network enumeration, footprinting, password attacks, SQL injection, file inclusion, and Metasploit.
- Practiced web and API testing with Burp Suite, ffuf, sqlmap, and Nmap; wrote Bash/Python helpers to automate reconnaissance.

PROJECTS

Security Portfolio and Writeups

loxcalthost.netlify.app

- Built and maintain a portfolio hosting 30+ machine writeups and security notes.

CERTIFICATIONS

Hack The Box CPTS

In progress, expected June 2027

ACHIEVEMENTS & CTFs

- **Hack The Box:** Global rank #820; ranked #2,191 of 12,396 players in Season 11.
- **HackwithIndia 2026:** Rank #72; won a Caido voucher.
- **Null Origin CTF (Qualifiers):** Team rank #56.
- **HTB Cyber Apocalypse CTF 2026:** Team rank #516 of 6,743.

TECHNICAL SKILLS

- **Security:** Web & API pentesting, OWASP Top 10, Linux enumeration and privilege escalation, MITRE ATT&CK, OSINT
- **Tools:** Nmap, Burp Suite, ffuf, sqlmap, Wireshark, Hydra, WPScan
- **Languages:** Python, Bash, SQL, PHP, JavaScript

EDUCATION

Atharva College of Engineering, Mumbai

2026 – 2030 (expected)

B.E. Information Technology
